PLEASE NOTE:

1 The Android operating system is supported by Edgenuity, but the Android browser is not. Android users should download and only use the Chrome browser to access Edgenuity.

Windows based tablets and the Windows RT operating system is fully supported by Edgenuity when using Edgenuity 3000+ series courses.

2 Chrome browser versions 42 or later may not allow functionality for some plug-ins.

Internet Explorer 9 – 10 is no longer supported after June, 2016.

3 A slow Internet connection will affect the performance of multimedia elements found in the Edgenuity courses.

4 Students will need access to audio capabilities including speakers and/or headsets.

5 All instructional computer stations will need sufficient network-user permissions to ensure full functionality when using certain plug-in applications.

Adobe Flash may be required when using courses containing Chem Labs and PowerSpeak.

Java is required for Districts using the Secure Station feature.

6 Example devices listed above have been tested to be functional when using Edgenuity. Other Chromebook devices not listed may be used providing they meet the minimum requirements. Smart phone and smart watch use is not supported by Edgenuity.
